

1. Tell me a little about yourself

Answer:

First of all, I would like to thank you and _____ Pvt. Ltd. (company) for giving me this opportunity to present myself in front of you and accept my candidature.

My name is _____, and I am from Pune.

I am 20 years old and completed my 12th grade in 2021 from Poona College. Currently, I am pursuing a BCA degree from Wadia College Pune.

I have completed my Java full-stack development training from Yess Infotech.

In terms of my technical skills, I have acquired proficiency in HTML, CSS, JavaScript, React, and Node.js, Express.js, MongoDB, Chakra UI, and TypeScript. Currently, I am expanding my knowledge by learning React Native.

Regarding my projects, I have worked on 2-3 projects using the focused-on frontend development. I have also completed a project using React Native.

My strengths are self-motivation and hard work. Outside of my academic and professional pursuits, I enjoy listening to music.

In terms of family, We are 5 members including me. my Father is farmer and mother is housewife, I have two siblings.

2. Why should we hire you?

Answer:

“I should be hired for this role because of my relevant skills, experience, and passion for the industry. I've researched the company and can add value to its growth. My positive attitude, work ethics, and long-term goals align with the job requirements, making me a committed and valuable asset to the company.”

3. What are your strengths and weaknesses?

Answer:

My Strength

My strengths are, I have a positive attitude and easily adapt to new environments. I

always look forward to learning new things.

For my weaknesses,

I am a very emotional person, I can trust people very easily, I cannot say no to anyone asking for help, being too sensitive, and overthinking.

To overcome my weakness I will have to look things in professional way which will not attach me with anyone emotionally or personally.

4. Why do you want to work at our company?

Answer:

I have always looked upon your company as the pinnacle of innovation. Your recent strides in the market have proved to be a major success, and I can't think of any other company where I could develop my initial skills, which will help me in the long run.

5. What are your short-term goals and long-term goals in life?

Answer:

Currently, my short-term goal is to nail this interview and get placed in a reputed company like yours, and my long-term goals are to climb up the ladder and see myself as a respectable executive within the company

6. Do you think you are overqualified for this position?

Answer:

Yes, I do believe I am overqualified. However, I always think that there is always something to learn everywhere. And I see a lot of exposure that I can gain for my development with your organization. So, I do not mind taking a low job to learn more.

7. Who is your inspiration?

Answer:

While there are countless individuals that I have met in my life who can be a source of inspiration for me. But Sachin Tendulkar is my inspiration. Due to his hardwork he is the hero to all the million peoples around the world. I am inspired with his hard work which encourages me to achieve my goal in life. Where I have to work hard and focus on career leaving the worldly things behind.

8. Can you handle work under pressure?

Answer:

I have always loved playing the guitar (instrument). I love it so much that I do not even panic or come under stress while playing it in large crowd. This is because I love playing guitar. Similarly, I love working in IT (sales/marketing/etc), so I will never feel pressure. If I love what I do, the pressure will not affect me.

9. Did you ever think of starting your own business?

Answer:

I am a fresher and intend to gain some valuable skills for my overall development. Thus, I think I am not entirely ready to begin a company of my own. However, the dream is still alive.

10.What do you expect from our company?

Answer:

My primary aim is to learn from the company. So, I expect a lot of feedback on my work. As I had explained, I thrive on feedback as I understand the things I am doing wrong and, therefore, can put my mind to making them right.

11.Where do you see yourself in 10 years?

Answer:

In 10 years, I see myself in a leadership position at your firm. I'm hoping to not only gain more knowledge in my domain but also become an inspiration to my subordinates. I want to be able to mentor or guide people. Hence, being in a leadership position will help me achieve this goal.
